## WHAT IS MLAB?

MLAB stands for **Mentoring and Language Acquisition in Brazil**. High-need youth often face significant challenges that prevent them from achieving their full potential. Since 2012, MLAB has offered one-to-one mentorships that help Brazilian youth develop confidence, critical thinking and English language skills. Combining quality mentorships with engaging content, our program provides positive, life-enriching experiences for youth to learn from older peers and explore common interests.

## KEY PROGRAM FEATURES:

- Four months of virtual mentorship sessions
- Improve Portuguese language skills
- Ongoing mentor training & support
- Financial aid available to cover flights to Brazil
